Reference; Donna Dovey

Donna worked with in my company for over two years, I found Donna to be extremely capable and conscientious. Although Donna was not employed she was certainly part of the Braithwaite's team. She was a very reliable and efficient Bookkeeper and Payroll administrator and I could be sure that everything she did was kept in order and as it should be.

Donna also carried out debt collecting for me by telephone which she undertook quite cheerfully and although she only had a little previous experience, she worked in her usual way and was quite successful at recovering the debts.

I would definitely recommend Donna as you will have well kept accounts and payroll and will not need to worry about everything being kept in order.

Yours sincerely,

Barbara Braithwaite
Director
